At The Georgian House we endeavour to use our superb island produce wherever possible. Our beef and dairy comes locally from Mike and Clare at Kiln Farm. Our pork from The Woodnutts and their happy Oxford Sandy and Black pigs. We source our tastiest vegetables from Alderney soil when we can - Tanya's new potatoes, Francis & Pat for a whole variety of goodies, and even our very own allotment makes a contribution. Our fishy friends on the menu are from surrounding waters when available, with our Alderney crab and lobster being some of the most delicious and renowned in the UK. We are constantly striving to source the finest ingredients to ensure we give our customers some of the best produce Britain has to offer.

## SHELLFISH

The Alderney waters are renowned for producing great shellfish - we try to source all our shellfish as locally as possible.
